CARRER OBJECTIVE

Currently pursuing Computer Science and Engineering at National Engineering College. Passionate about learning and applying innovative solutions to real-world challenges. Team player with an eye for detail.Looking forward to work in an fast paced Environment.

SKILLS

- Java
- Selenium
- SQL
- HTML and CSS
- Postman

CERTIFICATIONS

- Networking in Java-mygreatlearning
- Introduction to Selenium-Simplearn
- C for Everyone-Coursera

AREA OF INTEREST

- Automated Testing
- Unit Testing
- Web Development
- Programming skills

EDUCATION

BACHELOR OF ENGINEERING

National Engineering
College,Kovilpatti

CGPA:8.04(upto 5th sem)

HSS

Sri Jayendra Swamigal Silver Jubilee
School,Palayamkottai

2021, with 87.6%

SSLC

St.John's Higher Secondary
school,Veeravanallur

2018, with 92.6%

INTERNSHIP

- Java Programming -CodSoft
- Web Development - InternIQ

PROJECTS

• Toll Management System

I've created a simple java project to handle the Toll Information of Vehicle using different modules to manage Admin, SmartCard, Ticket, TollCollector, TollManagement, VehicleOwner to get Information about Ticket, Card Number, Fare and Revenue.

• Quiz App with Timer-Java

In this project, I have created a quiz app with timer of 30 seconds for each questions and display the scores of the player using Java and GUI

• WeatherAPI -Simplified Weather Insights via Java REST API

A REST API built with Java to deliver trimmed and essential weather details for a given location
